Report of Principal and School Improvement Council

Fork Shoals School is an International Baccalaureate (IB) School that educates the whole child through a collaborative effort of home, school, and community. Student inquiry is the core of our philosophy where the children take hold of their learning to gain knowledge. Our School Improvement Council, Parent Teacher Association, and Fork Shoals faculty strive to provide academic rigor as well as develop our children in to responsible citizens.

Fork Shoals School has been an authorized International Baccalaureate School since 2005. At Fork Shoals, we implement the Primary Years Programme (PYP) through inquiry-based instruction. Our mission is to provide a world-class culture of inquiry and to nurture each student's desire to continually learn and a responsible citizen. The school strives towards this goal by developing integrated units of study throughout the year using a project-based approach. Students are the center of the instruction since each child keeps a portfolio, sets a goal and conferences with a guardian yearly. Every student receives Spanish Instruction with 3rd-5th graders having daily immersed lessons. The school believes this approach will develop well-rounded, internationally-minded, knowledgeable children. In 2013, Fork Shoals School established a five-year goal plan. Those goals are focused on continuing to raise the academic challenge and performance of each student all subject areas as measured by the Palmetto Assessment of State Standards and providing a school environment supportive of learning as rated by parents, teachers, and students on the state report card survey. Our goals are directly related to the district wide emphasis of raising the academic challenge and performance for each student. We will continue to measure these goals by evaluating student work, test scores, and by analyzing parent, student, and teacher surveys.

Our focus this year was to work on the implementation of new standards. Our teachers worked intensively to gain knowledge in the use of the new standards. They developed new curriculum through more concept-based units of inquiry. A parent workshop was offered to give parents a better understanding of the new standards.

Fork Shoals School is unique, combining high academic expectations with problem solving skills while also developing more culturally aware, educationally empowered students. The school is constantly progressing and will continue to strive toward providing our students with a world-class education.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	90
Overall Grade Conversion	A
